

Lehigh is a premier residential university, annually ranked in the top tier of national research universities.

A nondenominational, coeducational, private university, Lehigh's four colleges and numerous research centers contribute to a vibrant, collaborative academic community that serves undergraduate and graduate students from across the globe.

The university rewards creativity, leadership, and innovation. And our commitment to excellence and intellectual curiosity are the underpinnings of everything we do. These core values also influence our compensation and benefits program for faculty and staff. In addition to competitive salaries, medical, and life insurance, we offer generous retirement contributions and a tuition remission program for employees and their families.

This brochure offers a brief introduction to some, but not all, of the many benefits provided to full-time Lehigh nonexempt staff.

For additional information on our benefits, we encourage you to visit the Human Resources website at: <http://hr.lehigh.edu/benefits>.

## Effective Dates for Benefits

Staff are eligible to begin participation in the Flexible Benefits plan (including medical, dental, life, dependent life, long term disability, and flexible spending accounts) on the first day of the month following their first work day at Lehigh. Active enrollment is required for participation in the medical plans, dental insurance, flexible spending accounts, and supplemental and dependent life insurance. Enrollment must be completed within thirty (30) days of the first work day.

Lehigh's retirement plan is available to all nonexempt staff on the first work day. There is a three-year vesting period for Lehigh's contributions to the plan. Enrollment in the plan is required to establish control of the account.

Tuition benefits are effective with the semester after beginning employment.

All other benefits are effective on the first work day.

## Domestic Partner Coverage

Lehigh University provides the same benefits to same and opposite sex domestic partners as we do for spouses of our employees. A simple registration process is required to establish eligibility.

Staff members should be aware that the benefits provided may be considered taxable income to the employee. In addition, tuition benefits offered by Lehigh Valley Association of Independent Colleges (LVAIC) member institutions are governed by the policies of each school.

## Health Care, Paid Leave, and Other Coverage

### Medical Insurance

Lehigh University offers four medical insurance plans from Capital Blue Cross.

- *PPO* and *PPO Plus* are preferred provider organizations that use the same national provider network, provide additional benefits if the network is used, and impose additional cost sharing if it is not. The major differences between *PPO* and *PPO Plus* are that there is no deductible and lower coinsurance with *PPO Plus* and behavioral health care benefits in *PPO Plus* are available only through Integrated Behavioral Health.

- The *HDHP* Plan offers significantly lower premiums and a Health Savings Account option in return for higher deductibles. The plan uses the same national provider network as the *PPO* and *PPO Plus* plans.

- *Keystone Health Plan Central (KHPC)* is a health maintenance organization that requires the selection of a primary care physician and referrals for care by specialists. KHPC has a local provider network.

### Life Insurance

Each staff member receives life insurance coverage equal to one times his or her Flexible Benefits Salary. Supplemental coverage can be purchased for up to four times salary. Coverage is also available for dependents.

### Sick Leave Benefits

All staff are provided with sick leave/excused absence benefits. During the first five years of service, 10 sick leave/excused absence days are available each year. After five years, 15 days per year are available.

## Tuition Benefits

### For Staff

Staff members working at least 75 percent of a full schedule, may take six credits of undergraduate or graduate study each semester at Lehigh (fall, spring, and across the two summer sessions) at no charge. Staff taking graduate level courses should be aware that the value of course tuition over \$5,250 per year is considered taxable income.

Lehigh staff may take up to two courses each fall and spring semester and two courses over the entire summer at other Lehigh Valley Association of Independent Colleges (LVAIC) member institutions.

Lehigh's BEST training subsidy allows staff to take two non-credit courses or seminars each semester that are directly related to the staff member's current job.

### For Family Members

Spouses, Domestic Partners, and unmarried dependent children may take Lehigh undergraduate courses at one-half the full tuition rate, effective with the semester after employment starts. Beginning with the semester in which the staff member completes five years of eligible service, these family members are exempt from the entire cost.

Tuition is waived immediately for graduate and summer undergraduate courses. The value of graduate tuition is taxable to the employee.

Spouses are also eligible for the same tuition exchange program as staff at LVAIC member colleges but only for the fall and spring semesters.
