FREQUENTLY ASKED QUESTIONS ...

What does it cost to join and use AblePay? There is no cost to enroll in AblePay and there are no monthly or annual fees.

Why is there no cost to enroll or utilize AblePay? By assisting medical providers in reducing expenses and increasing receivables, we share a portion of the savings with our Members. We simply retain a portion of the savings to operate AblePay Health.

Is AblePay insurance? No, AblePay is not insurance or supplemental insurance. It is entered as secondary insurance only for the purpose of the bill being sent to AblePay for processing.

Does it matter who the insurance carrier is? No, potential savings occur after the insurance process is completed, so it does not matter who the insurance carrier is (including Medicare).

Do I still receive my Explanation of Benefits (EOBs)? Yes! You will still receive your Explanation of Benefits (EOBs) as you currently do from your insurance carrier.

Can I include my spouse and children under my account? You can include anyone under your account that you wish to be financially responsible for, even if they have a different health insurance than you.

Is AblePay HIPAA compliant? Yes, AblePay is HIPAA compliant and takes the security of your Protected Health Information (PHI) seriously.

Why do I need a "Default Payment"? Since the entire billing process is paperless with AblePay, this is your standing electronic payment method. You will always have the ability to change this information with each bill.

What do you do with my payment information? Your payment information is tokenized and sent to a payment processing facility. We do not retain or have access to this information other than to receive payments from you.

Can I use my AblePay card for Copays? Copays are generally required from you at time of service; however, some AblePay providers will not collect copays from you at the time of service and in those cases you can use your AblePay Health card.

Can I use AblePay for my prescriptions? We are unable to provide savings on prescriptions at this time.

Can I use my AblePay card at the dentist or eye doctor? We are unable to provide savings for dental and vision care at this time.

HELP/ UPLOAD

1. You can choose a different payment method with every claim that we process. If you have multiple methods you can change those by using the down arrow and switching payments from a Card or Bank account. Request payment change to confirm your choice.
2. You have the ability to change the payment term for every claim that we process. You can pay in full using the 1 time payment option or you can span your claim out over 3, 6 or 12 payments.
3. On the Member Portal you have access to view your claim detail. If you notice an error on the detail of your claim, or have any questions you can call us at anytime!
4. Payment Details will reflect the savings you choose. Regardless of the savings taken, the full balance is applied to your deductible. In this example, the method on file changed from a Card to Bank Account and from a 1 term to a term of 6.
5. If you have any questions or concerns you may use the help/upload feature. You can also send your statement to us or any EOB's by attaching your files. Once received, we will send you an email and let you know the next steps regarding your bill.

HOW DOES IT WORK?

Provider Partnership

AblePay Health contracts with medical providers interested in lowering their costs and enhancing their receivable time without risk of recourse. We then work with employers, insurance brokers, and individuals in the provider’s community assisting them in taking advantage of the benefits AblePay provides.

Enrolling in AblePay

Sign-up is easy with no monthly or annual fees. Simply go to our web site (www.ablepayhealth.com) and click the “Enroll Now” button on the navigation bar. You can also scan the QR code on the back of this brochure to enroll using your smart phone. Simply fill out your demographic information and select your preferred payment method and term. You will then have access to your Member Portal and receive your AblePay card(s) in the mail.

Using the Card

Show your AblePay card along with any primary health insurance card when visiting your medical provider. The provider should enter AblePay as your “secondary payer”. After service is complete and the insurance company processes the claim, the provider will send your invoice electronically to AblePay. We will then notify you via email and text message that you have a new claim in your Member Portal. You can view claim information and alter the payment method and term to best meet your current financial needs.
