1. Employee’s Name: _________________________________________________________________

2. Patient’s Name (if different than employee): ____________________________________________

3. The last page describes what is meant by a “serious health condition” under the *Family and Medical Leave Act*. Does the patient’s condition qualify under any of the categories described? If so, please check the applicable category.

- [ ] (1) Hospital Care
- [ ] (2) Absence Plus Treatment
- [ ] (3) Pregnancy
- [ ] (4) Chronic Conditions Requiring Treatments
- [ ] (5) Permanent/Long-term Conditions Requiring Supervision
- [ ] (6) Multiple Treatments (Non-Chronic Conditions)

4. Describe the medical facts that support your certification, including a brief statement as to how the medical facts meet the criteria of one of these categories:

__________________________________________________________________________________

__________________________________________________________________________________

__________________________________________________________________________________

5. State the approximate date the condition commenced and the probable duration of the condition (and also the probable duration of the patient’s present incapacity if different):

__________________________________________________________________________________

6. Will it be necessary for the employee to work only intermittently or to work on a less than full schedule as a result of the condition (including for treatment described in Item 8)?

__________________________________________________________________________________

__________________________________________________________________________________

7. If yes, provide an estimate of the probable number and interval between such treatments, actual or estimated dates of treatment if known, and period required for recovery if any:

__________________________________________________________________________________

__________________________________________________________________________________

---

1 Here and elsewhere on this form, the information sought relates only to the condition for which the employee is taking FMLA leave.

2 “Incapacity,” for purposes of FMLA, is defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefore, or recovery therefrom.
8. If the condition is a chronic condition (#4) or pregnancy (#3), state whether the patient is presently incapacitated and the likely duration and frequency of episodes of incapacity:

__________________________________________________________________________________
__________________________________________________________________________________

9. If additional treatments will be required for the condition, provide an estimate of the probable number of such treatments:

__________________________________________________________________________________
__________________________________________________________________________________

10. If any of these treatments will be provided by another provider of health services (i.e., physical therapist), please state the nature of the treatments:

__________________________________________________________________________________
__________________________________________________________________________________

11. If a regimen of continuing treatment by the patient is required under your supervision, provide a general description of such regimen (i.e., prescription drugs, physical therapy requiring special equipment):

__________________________________________________________________________________
__________________________________________________________________________________

12. If medical leave is required for the employee’s absence from work because of the employee’s own condition (including absences due to pregnancy or a chronic condition), is the employee unable to perform work of any kind?

☐ Yes ☐ No

13. If able to perform some work, is the employee unable to perform any one or more of the essential functions of the employee’s job (the employee’s job description, including essential duties and responsibilities, is enclosed)?

☐ Yes ☐ No

If yes, please list the essential functions the employee is unable to perform:

__________________________________________________________________________________
__________________________________________________________________________________
__________________________________________________________________________________

14. If neither 12 nor 13 applies, is it necessary for the employee to be absent from work for treatment?

__________________________________________________________________________________
__________________________________________________________________________________

11/30/12
15. If leave is required to care for a family member of the employee with a serious health condition, does the patient require assistance for basic medical or personal needs or safety, or for transportation?

☐ Yes  ☐ No

If no, would the employee’s presence to provide psychological comfort be beneficial to the patient or assist in the patient’s recovery?

☐ Yes  ☐ No

16. If the patient will need care only intermittently or on a part-time basis, please indicate the probable duration of this need:

__________________________________________________________________________________
__________________________________________________________________________________
__________________________________________________________________________________

FMLA Informational Sheet
For Health Care Provider

A “Serious Health Condition” means an illness, injury, impairment, or physical or mental condition that involves one of the following:

1. **Hospital Care**
   a) Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

2. **Absence Plus Treatment**
   a) A period of incapacity of more than three consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:
      i) Treatment\(^3\) two or more times by a health care provider, by a nurse or physician’s assistant under direct supervision of a health care provider, or by a provider of health care services (i.e., physical therapist) under orders of, or on referral by, a health care provider; or
      ii) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment\(^4\) under the supervision of the health care provider.

3. **Pregnancy**
   a) Any period of incapacity due to pregnancy or for prenatal care.

4. **Chronic Conditions Requiring Treatments**
   a) A chronic condition which:
      i) Requires periodic visits for treatment by a health care provider, or by a nurse or physician’s assistant under direct supervision of a health care provider;
      ii) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
      iii) May cause episodic rather than a continuing period of incapacity (i.e., asthma, diabetes, epilepsy, etc.)

5. **Permanent/Long-term Conditions Requiring Supervision**
   a) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer’s, a severe stroke, or the terminal stages of a disease.

6. **Multiple Treatments (Non-Chronic Conditions)**
   a) Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).

---

\(^3\) Treatment includes examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations.

\(^4\) A regimen of continuing treatment includes, for example, a course of prescription medication (i.e., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition. A regimen of treatment does not include the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider.
