How to stay cool (and safe!) during the warmer weather

As the days get warmer, it becomes increasingly important to stay hydrated and keep your body cool. Whether you are spending a leisurely day at the beach or going for a run outdoors, you should make sure that you are taking the proper steps to prevent

Mindfulness: A practice to enjoy life more right now

Getting caught up in the busyness of life can leave you feeling distracted, anxious, disconnected and generally discontent. Your work, relationships, sleep and well-being can suffer. Using simple mindfulness techniques offers a convenient way to focus on the present moment, helping you cope better with
dehydration and overheating. Read on to learn how you can stay hydrated.
